visit: www.calgary.ca/mardaloop or if you
have any questions
please contact Steve at
403-268-2523 or Jill at
403-268-2266.

The City of Calgary is initiating an Urban Design Study for the area along 33 and 34 Avenues SW between 19 Street SW and Crowchild Trail SW, known as Marda Loop. This study will:

- define and identify the character of the area
- clarify the future land use pattern
- recommend minor amendments to the South Calgary/Altadore Area Redevelopment Plan (ARP).

You are welcome to participate in the next phase of the project. This involves a Public Open House where you can view and provide feedback on the draft guiding principles, preliminary concepts and potential draft ARP amendments.
